

K-LOVE is a valuable part of each and every day to me. I listen to the Denver station at 91.1 FM in my car, on radios in my home and by streaming on the internet. K-LOVE allows me to have a positive place to hear music and positive people.

If K-LOVE were taken off the air or replaced by a LPFM broadcaster providing other programming it could be devastating to many people who depend on K-LOVE's positive message.

K-LOVE provides a place for people to hear the message of Christ's love for them. It provides a positive listening option for people of all ages. Please allow K-LOVE to remain on the radio

Sincerely,
Alison Goin
